

VIRACLEAN®

HOSPITAL GRADE DISINFECTANT
AUST R 69000

ABOUT VIRACLEAN:

VIRACLEAN® is a major development in advanced cleaning and disinfecting technology from Whiteley Medical. It is the result of years of intensive research and development. A considerable investment in both time and money has been made in the interests of improving the safety and efficacy of hospital grade disinfectants. VIRACLEAN® can be used for both cleaning and disinfecting, demonstrating beneficial versatility for healthcare and associated environs.

VIRACLEAN® has been proven to kill a broad range of bacteria and viruses including Enterococcus Faecalis (VRE), MRSA, Hepatitis B Virus, Herpes Simplex Virus and the Influenza Virus. The revolutionary hepadnacial test method was developed at the University of Sydney and sponsored with funding from Whiteley Medical.

MICROBIOLOGICALLY TESTED:

VIRACLEAN® has been proven to kill:

- Staphylococcus aureus (MRSA or Golden Staph)
- Pseudomonas aeruginosa
- E coli
- Enterococcus Faecalis (VRE)
- Acinetobacter
- Acetobacter
- Salmonella choleraesuis
- Proteus vulgaris
- Influenza virus
- Herpes Simplex virus
- Hepatitis B Group virus
- Candida Albicans

**Independent test reports available on request.*

PRODUCT DESCRIPTION:

VIRACLEAN® is a pink liquid with a lemon fragrance. It is easy to use and is conveniently packaged in squeeze or spray bottles, 5 litre containers, and 15 litre containers. This product is not intended for use on therapeutic devices. INSTRUMAX® PINK is available as an instrument disinfectant low level for use in disinfecting non critical medical devices.

Also available: V-Wipes Hospital Grade Disinfectant Wipes in Flatpacks and Canisters.

Viraclean® - June 2015 1

PRODUCT FEATURES:

VIRACLEAN®:

- is non flammable.
- is suitable for use on healthcare surfaces.
- does not contain chlorine or oxidising biocides.
- will not cause staining on fabrics or carpets.
- has a neutral pH.
- is friendly to metals (non corrosive).
- can be used neat for use as a hospital grade disinfectant.
- has a mild lemon fragrance.

Some of this data has been internationally published.¹ VIRACLEAN® passes the TGA option B (dirty conditions). This independent data is available on request.

APPLICATION:

The use of gloves is recommended whenever using disinfectants.

TO CLEAN AND DISINFECT SURFACES:

Use undiluted for disinfection.

To clean and remove organic soiling (blood, sweat, sputum etc) from surface, apply liberally around the soiled area and work towards the centre. Soak up using fresh, disposable cloth. Once clean, to disinfect the surface, apply undiluted and leave to dry for 10 minutes at room temperature.

If required, soak up using fresh, disposable towelling. Used towelling should then be disposed to a suitable receptacle.

CHEMICAL SPECIFICATIONS:

Surfactant Blend.....	Blended
Colour.....	Light Pink
pH.....	Neutral (7)
Specific Gravity.....	0.99
Corrosion Inhibitor.....	Not necessary
Foaming Properties.....	Slight
Occupational Safety.....	Use as spray or liquid
Dangerous Goods Rating.....	Not applicable
Shelf Life.....	18 months
Safety Equipment.....	Use of gloves and eye protection recommended

VERSATILE:

VIRACLEAN® is formulated to replace most cleaning products and hospital grade disinfectants. VIRACLEAN® can be used for cleaning and disinfecting.

Viraclean® - June 2015 2

HELPS CONTROL INFECTION:

VIRACLEAN® is the only solution that can be used for routine cleaning and can also be used for disinfecting where necessary. This makes for simplification of cleaning and disinfecting procedures.
