

Product Data Sheet

Product Code: SD37

Issued: March 19, 2012

What is SD-37?

SD-37 is a fast-reacting, powerful detergent suitable for a diverse range of degreasing and heavy-duty cleaning tasks. It is a lemon-scented cleaner.

Key Benefits

- ✓ SD-37 attacks all oily, fatty dirt and washes it away easily.
- ✓ SD-37 has a thousand and one uses in workshops, factories, garages – in fact, anywhere you find dirt, oil and grease.
- ✓ SD-37 is a foaming cleaner that removes grease and fat from food and meat preparation areas.
- ✓ Great for shower-cleaning – removes body fat and soap build-up.

How Does It Work?

SD-37 is an alkaline water-based solvent cleaner suitable for use on all washable surfaces.

This concentrated detergent:

- Rapidly loosens dirt, fat and soot allowing it to be washed away
- Is very versatile and excels in a variety of cleaning tasks

For Use On ...

SD-37 removes the toughest dirt, mud, oil films, grease, grime and soot from floors, equipment, machinery, walls, showers and vehicle bodies.

It is suitable for cleaning walls, ceilings, floors, sinks, cupboards, baths, showers, car and truck engine bays, stainless steel, glass and porcelain. It is also effective on outdoor furniture, caravans and awnings, car interiors and vinyl upholstery.

SD-37 may be used in mop buckets, autoscrubbers and steam cleaners, as well as by spray-and-wipe.

CAUTION: Do not use SD-37 on water-based paintwork or on painted surfaces that are in bad condition.

Environmental Care

SD-37 conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. SD-37 is non-flammable and contains biodegradable surfactants. Containers are recycled wherever possible. SD-37 containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd, significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- For cleaning surfaces with LIGHT SOILAGE – dilute 1 part SD-37 to 60 parts with water.
- For HEAVY SOILAGE – dilute 1 part SD-37 to 5 parts with water. This is ideal for cleaning ovens, BBQ's, walls, dirty paintwork and machinery.
- For spray-wipe cleaning, MEDIUM SOILAGE – dilute to 1 in 30.
- For scrubbing floors, dilute 1 part SD-37 to 60 parts with water.
- Apply the SD-37 solution using a spray, mop or sponge, and scrub lightly, then rinse off or wipe clean using a mop or a clean cloth.
- For pressure washing, dilute to 1 in 60.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
